# Mutual Housing at the Highlands nominated for the Sacramento Business Journal Real Estate Projects 2011-2012

The Mutual Housing at the Highlands project is one of 17 finalists selected for the Sacramento Business Journal Real Estate Projects 2011-2012. Winners will be announced at the September 21st event.

The project consisted of 90 apartment units and a Community Center located on a 3.5 acre parcel in the McClellan Redevelopment Area.

Meline Engineering analyzed the HVAC and plumbing alternatives and specified energy-efficient and cost-effective systems which garnered funding from public utilities and other sources.
